Day 1

Your Switzerland bike tour begins in Montreux, a resort town on Lake Geneva. Meet your trip leaders and transfer to Château-d'Œx, famous for its hot air balloon festival in the winter. Join your leaders for a light lunch and introduction to the week. Then, for your first ride, head out toward the famous ski resort of Gstaad. Arrive at the Hotel Alpina Gtsaad, your home for the night. Later that afternoon, stroll through the town and discover its characteristic chalets and luxurious stores before dinner at the hotel restaurant.

Take a break in Les Diablerets for lunch on your own. In the afternoon, start with another good climb before a thrilling descent to Villars-sur-Ollon and the Chalet Royalp, your hotel for the next two nights. Around midday, take a lunch break at a chalet with lovely window boxes of geraniums. Then, keep cycling toward your hotel for a few more

In Lauterbrunnen, take a walk to the Trümmelbach Falls, a series of ten glacier-fed waterfalls inside the mountain. After lunch, spin back to Grindelwald for a relaxing evening. Frequently Asked Questions

Can you pick me up at a different location?

No, everyone is coming from a different location so your trip leaders will meet all of you at the starting location.

At the end of the trip, can you drop me off at a different location?

No, your leaders can't go to different locations, that is the reason why there is a drop off location for everyone.

I have to take a train at 7.30 AM & drop off time is 12.00 PM, can the trip leaders take me early?

Unfortunately we cannot accommodate multiple shuttles. If you need to go earlier, contact the front desk of your hotel as they will be glad to book a taxi for you.

Do you recommend bike shoes for riding?

It takes time to get used to riding with bike shoes and unless you are used to riding with bike shoes, sneakers are fine. However, if you decided to bring your bike shoes, you also need to bring your own pedals.

Should I bring a helmet?

Helmets are included but if you would rather bring your own, you're welcome to do so.

Can I adjust my bicycle stem?

Our touring bikes come with an adjustable stem allowing you to raise the handlebar so you have a more upright riding position.

What do you mean by multiple daily routes?

Each day we offer a range of mileage options and you decide how much activity you want to do.

Do you include alcoholic beverages?

DIGNGO includes alcohol during some activities. However, during lunch and dinner, it is not included and it is your responsibility to pay the bill.

How does it work for extras at the hotel?

Extras are your responsibility and the bill needs to be settled before you leave the hotel.

Should I bring my luggage down or leave it in the room when we change hotel?

Please bring it down to the lobby or have the staff of the hotel bring it down for you. Your trip leaders will then take care of the bags.

Should I carry my helmet, seatpost bag and water bottle in the room at night?

Please do, those are yours for the entire week and in order not to mix them with everyone else, we ask to bring all the materiel with you in the room. The only thing that you need to give your trip leaders is the Garmin GPS as they need to charge it for the next day.

Is there a minivan along the route during the day?

Yes, do not hesitate to ask for a ride if you need one.

Can I ride at my own speed?

Each bike has a Garmin GPS with pre-loaded routes allowing you to find your way.

Do we start cycling early?

Most days, you start cycling between 8.30 & 9.00 AM

How to ride pain-free?

A pair of padded cycling shorts is definitely a great investment.

Cycling Safety

The Rules

- Wearing a helmet on a DIGnGO trip is required.
- While you're riding your bike, ensure that you are using good judgment and being aware of your surroundings. The unexpected can happen in an instant and maintaining alertness will ensure that you, and those around you, are safe.
- Do not wear headphones while riding as they will likely drown out important sounds and distract your attention.
- Avoid riding side by side but instead try to "ride single file". Leave enough space between yourself and the rider in front of you for a car to fit.
- If you are traveling downhill, increase the distance between yourself and others to ensure your ability to stop, should someone ahead of you brake suddenly.
- Be courteous to other riders and motorists, especially near intersections, driveways, parked cars, and other places as they may not be aware of you.
- In some countries, you will find intersections with no traffic signals. In that case, please note that other vehicles have the right away.
- Stop at all red lights and stop signs.
- Make sure to yield to pedestrians.
- As you are about to turn, communicate your intention to others around you by using recognised hand signals.
- Avoid road obstacles such as potholes, rocks, etc. While going over rough terrain, such as gravel, sand, or rocks, make sure to downshift.
- While riding downhill make sure that you are using both brakes in order to control your speed and avoid "glazing over".
